

# Chunyun Tang

E-mail: chunyuntang2021@gmail.com

Address: No.377, Jingang Avenue, Nansha District, Guangzhou, 511400, China

## RESEARCH INTERESTS

---

Interactions between climate change and land-use; Ecosystem services and biodiversity conservation;  
Sustainable agriculture and food security; Agroecosystem monitoring and modeling;  
Coupled human and natural systems

## EDUCATION

---

### South China University of Technology

Guangzhou, China

Master of Management in Land Resource Management

09/2018 - 06/2021

Average Score: 88.77/100

Major Courses: Land Economics, Institutional Economy and Land System, Urban Planning and Management

### Inner Mongolia University

Hohhot, China

Bachelor of Management in Land Resource Management

09/2014 - 06/2018

Average GPA: 3.01/4.00 (last two years:3.59/4.00)

Major Courses: Geographic Information System, Land Administration, Land Use Planning, Economic Geography

## RESEARCH EXPERIENCES

---

### Research on Farmland Protection in Guangdong under the New Era Background

12/2019 - 01/2021

**PI:** Associate Professor Junmei Zang, South China University of Technology

**Focus:** Based on the current situation of farmland, proposed new ideas for the utilization and protection of farmland in Guangdong

#### **Roles:**

- Designed a survey questionnaire on the implementation status of farmland protection policies in Guangdong and led a field investigation team to collect 104 effective questionnaires targeting personnel in the land management industry.
- Conducted cognitive assessments on land management industry personnel to evaluate their comprehension of farmland protection policies and generated reports on questionnaire survey and interview research analysis.
- Analyzed the spatial patterns of changes in land quantity and quality, as well as non-grain cultivation in Guangdong.

### Spot-like Land Supply in the Context of Rural Revitalization: Theory, Mode, Path, and Guangdong Innovation

07/2020 - 01/2021

**PI:** Associate Professor Junmei Zang, South China University of Technology

**Focus:** Analyzed the land use and spatial layout of leisure agriculture and rural tourism projects in Guangdong, and proposed innovative ideas for spot-like land supply policy

**Roles:**

- Mainly responsible for writing the content of the project application, including argument basis, research methods, and technology roadmap.
- Collected and organized policies on spot-like land supply policy in 23 provinces of China and conducted a preliminary analysis of the policies.

**Research on the Natural Resource Governance System and Management Model of the Pearl River Delta under the Background of the Construction of the Greater Bay Area** **08/2019 - 01/2020**

**PI:** Professor Yuxiang Dong, Sun Yat-sen University

**Focus:** Based on the natural resource endowment, management status, and existing problems of the Pearl River Delta, explored the natural resource governance system and management mode in the Pearl River Delta region under the background of the construction of the Guangdong-Hong Kong-Macao Greater Bay Area in the new era

**Roles:**

- Searched a wide range of literature based on the governance theories involved and thematic keywords such as “natural resource governance” and “Guangdong-Hong Kong-Macao Greater Bay Area”.
- Collected and analyzed policy documents related to natural resource management, which laid the foundation for proposing policy innovations in the future.

## WORK EXPERIENCES

---

**Guangdong Agribusiness Group Corporation, *Guangzhou***

**07/2021 - 06/2024**

Asset and Resources Department

*Assistant Supervisor*

- Utilized remote sensing data and statistical analysis to monitor and assess farm land, regularly compiled analysis reports, optimized land management processes, and provided data support for agricultural production decision-making.
- Coordinated and advanced land reclamation, agrivoltaics, and ecological agriculture projects, promoted sustainable agricultural development, and ensured the effective and smooth implementation of these initiatives.

## ADDITIONAL ACTIVITIES

---

**Volunteer, The First China Undergraduate Contest on Land Use Survey, *Guangzhou***

**09/2019**

- Assisted with event logistics and participant support as a volunteer and received a certificate for outstanding contributions.

**Participant, International Postgraduate Summer School 2019, *Hong Kong***

**06/2019**

- Participated in a one-week program at Lingnan University, which included workshops on various research and methodological issues, research presentations, field visits, and social activities.

## AWARDS AND SCHOLARSHIPS

---

Top Management Trainee of 2023, Guangdong Agribusiness Group Corporation

**01/2024**

Academic Scholarship of South China University of Technology

**2020&2019&2018**

Rookie Award for Land Economy Research of the Annual Conference on Chinese Land Economics

**09/2019**

Second-class Excellent Student Scholarship of Inner Mongolia University

**12/2015**

Merit Award of the 4th Case Analysis Competition of Higher Education Institutions on Public Management in Hohhot

**04/2015**

## SKILLS AND LANGUAGES

---

**Computer Skills:** ArcGIS, ENVI, Geoda, R, Stata, SPSS, Matlab, Origin, Adobe Photoshop, Adobe Illustrator

**Languages:** English (Fluent), Mandarin (Native), Cantonese (Fluent)
